- Document Symmetric fully homomorphic encryption using decidable matrix equations

Authors of Document Burtyka, P., Makarevich, O.

Year the Document was Publish 2014

Source of the Document ACM International Conference Proceeding Series

Number of Documents that reference this Document 0

- 10. Document The method of the information security risk assessment in cloud computing systems

Authors of Document Makarevich, O., Mashkina, I., Sentsova, A.

Year the Document was Publish 2013

Source of the Document SIN 2013 - Proceedings of the 6th International Conference on Security of Information and Networks

Number of Documents that reference this Document 0

- 11. • Document Methods of automated analysis of vendor specific implementation of stateful-filtration

Authors of Document Abramov, E., Barannik, E., Makarevich, O.

Year the Document was Publish 2012

Source of the Document Proceedings of the 5th International Conference on Security of Information and Networks, SIN'12

Number of Documents that reference this Document 0

- 12. • Document Deploying virtualization technology for verification of a network security

Authors of Document Abramov, E., Makarevich, O.

Year the Document was Publish 2010

Source of the Document 4th International Conference on Application of Information and Communication Technologies, AICT2010

Number of Documents that reference this Document 0

- 13. • Document Corporate networks security evaluation based on attack graphs

Authors of Document Abramov, ES, Andreev, AV, Makarevich, OB, Mordvin, DV

Year the Document was Publish 2011

Source of the Document ACM International Conference Proceeding Series

Number of Documents that reference this Document 0
