

CURRICULUM VITAE

Saglara S. Mandzhieva

Doctor of Soil Science

Leading Researcher and Head of laboratory in Academy of biology and biotechnology of Southern federal university

ORCID ID 0000-0001-6000-2209

ResearcherID: A-1681-2014

Scopus Author ID: 24481495200

Telephone: +7-988-896-95-53, +7-863-297-50-70

E-mail: msaglara@sfedu.ru

Research interests: soil science, ecology, biogeochemistry, environmental chemistry.

Author of over 322 scientific publications, including 219 articles, 102 published in English, 4 monographs overseas academic publishers. Co-author of 5 patents for inventions.

Publications: RISC - 89, Web of Science - 26, Scopus - 42

Citation indexes: RISC - 406, Web of Science - 71, Scopus – 125.

H-index: RISC - 8, Web of Science - 6, Scopus – 7.

Head of the 11 projects and executor for more than 22 projects of the Ministry of Education and Science of the Russian Federation, the Russian Foundation for Basic Research and the International Societies.

Participant of academic exchange programs "Mevlana", Turkey, 2014.

A graduate of Leadership Program "Open World" (USA) on the topic "Environmental Protection in the United States" in 2012.

Successfully completed a course of training in the commercialization of technological innovation «Technology Commercialization Practicum», Southern Federal University, Russia, CRDF, USA, 2010.

Attended a training seminar auditing expert bureau "Arkon" on the themes "Management principles underlying the model of quality management system in accordance with the requirements of ISO 9001:2002", "Basic principles of internal and external quality audits contained in MS ISO 19011 : 2002", 2009.

Successfully completed a course of improving English language skills «The BRHE Intensive English Program», CRDF, USA, 2003.

May 22, 2013, met with the President of Russia V.V. Putin, in a group of staff and students of the Southern Federal University.

February 10, 2015 took part in the opening ceremony of the first annual award "For loyalty to science" established by the Ministry of Education and Science of the Russian Federation.

Member of the Expert Council on Youth Science Policy of the Southern Federal University.

Member of the All-Russian Society of Soil Science named V.V Dokuchaev.

Member of the Eurasian Society of Soil Science (ISSS).

Since 2003 participated in the organization of international and regional scientific and student conferences and workshops, more than 7 events.

Awarded:

"Award of the Government of the Rostov region for 100 young scientists of Southern Federal University, engaged in research and innovation" in 2014 and 2015.

Letter of thanks of the rector of the Southern Federal University for publication activity and the development of science, Rostov-on-Don, 2015.

Diploma of the Rector of the Southern Federal University for many years of fruitful work in the higher education sector in connection with the 100th anniversary of the University, Rostov-on-Don, 2015.

Diploma of the rector of the Southern Federal University in the "symbol of science - scientist" 25.12.2014.

Winner of the "Best Young Scientist SFedU - 2014" in nomination "The best young scientist SFedU - SFedU employee" in the direction of science, 2014.

Winner in 2014 of the state support of young Russian scientists and PhDs, 2014.

Diploma of the Director of the Academy of Biology and Biotechnology for the development of the SFedU Research Academy of biology and biotechnology, and the organization of scientific work with the Masters and PhD students, 2014.

Diploma of the rector of the Southern Federal University for outstanding achievements in research and development, 2013.

Diploma of the Director of the Academy of Biology and Biotechnology SFedU for great success and achievements in research and development, 2013.

A graduate of the Russian Leadership Program "Open World" on the theme "Environment Menegement" in 2012.

Winner of individual projects "Breakthrough of the Year" established Endowment SFedU, for his great achievements in the field of science and education in 2010.

The letter of thanks of the Director of the Academy of biology and biotechnology SFedU for the organization and informational support to the rally "Parade of the soil" in the framework of the World Day of soils, Rostov-on-Don, 2014.

The letter of thanks of the rector of the Southern Federal University for the organization and holding of regional scientific-practical conference "Youth in Science Mission", 2013.

The letter of thanks of the rector of Southern Federal University for the development of international cooperation and the success of the V International scientific and practical conference "Actual problems of biology, nanotechnology and medicine," 2013.

The letter of thanks of the Director of the Institute of Biology of the Southern Federal for professionalism, 2013.
