

Irina Acharova. In 1997, I graduated from high school with a silver medal, and also graduated from the School of Music in Violin with excellent marks in the certificate. In 2001 I graduated from Rostov State University (Rostov-on-Don, Russia) and received first-class diploma of Master of Physics. In 2006 I received degree of Candidate of Physical and Mathematical Sciences (PhD) (Dissertation Council of the Special Astrophysical Observatory of the Russian Academy of Sciences, specialty 01.03.02 - Astronomy and Astrophysics). From 2005 to present time - Assistant, Senior Lecturer, Associate Professor of the Faculty of Physics, Chair of the Department of Space Physics of the Faculty of Physics of the Southern Federal University (until 2007 Rostov State University). I try to attract students to science and education through their participation in the solution of scientific problems, I'm working on.

In each my article was proposed a new method or a new approach, which allows obtain independent estimations of the processes studied. I am coauthor of 19 papers in international and Russian journals. I have made reports at 27 international and national conferences and seminars, and received state registration certificate of 7 computer programs. I participate in research work supported by the grants of the Russian Federation. I am a member of the Russian Astronomical Society. I collaborate with teachers and pupils of Rostov-on-Don Academy of young researchers in the direction "Astronomy and astronautics". I make popular scientific lectures to a wide audience of listeners.

My Honours:

- 1) 10.2014 - L'Oréal-UNESCO Awards for Women in Science, Moscow, Russia.
- 2) 12.2011 - Academia Europaea Prize for Young Russian Scientists, Moscow, Russia.
- 3) 07.2011 - the Award for the best research in Southern Federal University «Breakthrough year», established of Fund Target Capital of Southern Federal University, Rostov-on-Don, Russia.
- 4) 01.2007 – the Award for the best research of young scientists in Physical Sciences, Faculty of Physics, Rostov State University, Rostov-on-Don, Russia.

I have married since 1999. I have 2 children: daughter Ecaterina was born in 2003, son Vitaliy was born in 2004.

Sincerely yours, Irina Acharova
